Dear 5.1.2.e

Thank you once again for meeting with us last week to discuss the manure transport data.

Attached you will find the presentation we shared during the session including our data requests.

Could you please provide your proposal for the contract, including the estimated number of hours and the scope of work? Please also factor in time for discussions between TNO and CBS.

If possible, I would appreciate it if you could also share a tentative timeline indicating when you expect you could deliver the first data. In addition, please feel free to propose dates for a follow-up meeting.

Should you have any questions, please do let me know.

Kind regards,

5.1.2.e
